

**MUNICIPAL FINANCIAL REPORTING & BUDGETING  
MADE SIMPLE**

Plan, allocate, and manage municipal funds with ease and precision.

*"Vivid Reports CPM is THE budget and reporting solution. It's robust enough to handle multiple entities, on multiple databases, with multiple year ends, but simple enough to where anyone can make the report work exactly as what is desired. Customer service is fantastic! They will show you the tools to "Vividize" current reports and are able to walk you through any situation." - G2 Review*

**AUTOMATE FINANCIAL REPORTING  
WITHOUT LEAVING EXCEL®**

Municipal finance teams depend on Excel, but manual work and rigid accounting software slows things down. Vivid makes it easy to automate, drill into details, and share reports with council, auditors, and the public - right from Excel.

**HOW VIVID WORKS**

- > **Connect to Your Accounting Software**  
Vivid integrates directly with your ERP - no time consuming IT overhaul required.
- > **Automate Your Excel Reports**  
Enhance, don't replace - automate reports by pulling source data straight into Excel - no exports, links, or copy-pasting.
- > **Drill into Details**  
Click any number to explore transactions, documents and trends without leaving Excel.
- > **Share with Confidence and Build Trust**  
Support council and audit needs with detailed, consistent, transparent reports.

**WHY MUNICIPALITIES CHOOSE VIVID**

Your Challenge	With Vivid
ERP reports are inflexible and report requirements change often	Quickly create custom reports and automate existing ones - use the exact data you need, pulled directly from your source systems
Manual data pulls from multiple systems	Automated updates pull current data from multiple data sets, ERPs or systems
High audit prep time & documentation burden	Be audit-ready with automated lead sheets and drill-downs for detailed views of rolled-up accounts
Budgeting headaches: too many versions and massive workbooks with hundreds of links	Automate spreadsheets to minimize manual work, reduce errors, and streamline your budgeting process with roll-ups and built-in controls
Limited ability to provide transparency into the details behind the numbers for Council, the public, and regulatory reporting	Build confidence and trust by elevating accountability and transparency - show where things stand and what's needed to achieve priorities
